

## I. Identification

Chemical name and synonyms:	not applicable
Trade name and synonyms:	Pharmaco-CYP2C9 (Ref.:82-01)
Chemical family:	In Vitro Diagnostic Test Kit (Reagents)
Formula:	Not applicable
Proper DOT shipping name:	not applicable
DOT hazard classification:	not applicable
Manufacturer:	Astra Biotech GmbH
Manufacturer's Address:	Rudower Chaussee 29, 12489, Berlin, Germany
Manufacturer's phone/fax:	+49 (0)30 746 96 509/ +49 (0)30 367 405 135

## II. Composition, Information on Ingredients

Product: Pharmaco-CYP2C9 kit

Component	Ingredients	Preservative	Stability at -18...-22°C
Buffer for PCR (B)	dATP dCTP dGTP dTTP 10×Buffer for PCR: Mg <sup>+</sup> 3 mM	None	12 months
DNA Polymerase enzyme (P)	HS Taq DNA-polymerase enzyme	None	24 months
Mix 1(M1)	Mix of oligonucleotides: RT_CYP2C9_2_F RT_CYP2C9_2_R LNA_CYP2C9_2_T LNA_CYP2C9_2_C H <sub>2</sub> O	None	12 months
Mix 2 (M2)	Mix of oligonucleotides: RT_CYP2C9_3_F RT_CYP2C9_3_R LNA_CYP2C9_3_A LNA_CYP2C9_3_C H <sub>2</sub> O	None	12 months

## III. Hazards Identification

May not cause harm.

## IV. First Aid Measures

In case of exposure to reagent solutions, we recommend the following emergency first-aid procedures:

1. Skin or Eye Contact: wash with tap water for at least 15 minutes. Remove any contaminated clothing. Obtain medical attention.
2. Inhalation: remove the affected individual to the fresh air. If breathing is difficult, give oxygen and call a physician.
3. Ingestion: Rinse the mouth with copious amounts of tap water and call a physician.

## V. Fire-fighting measures

Not applicable.

Usage of the reagents according to protocol should not incur a fire or explosion hazard. In case of fire, use water, foam, carbon dioxide or dry chemical, as suitable for surrounding fire and materials.

## **VI. Accidental Release Measures**

Use standard laboratory absorbent materials for cleanup. Clean by enough water.

## **VII. Handling and storage**

Hygienic Practice in Storage: Store in a cool (+2... +8°C) and dry area away from direct sunlight and incompatible substances.

## **VIII. Exposure control and personnel protection**

Eye Protection: Recommended

Skin Protection: Recommended

Respiratory Equipment: Not Applicable

Avoid contact with skin, eyes and clothing. Change contaminated clothes. After work wash hands with water and mild soap.

Good laboratory practices should be followed when handling all the reagents.

## **IX. Stability and reactivity**

Kit does not contain any reactive agents.

It is stable under normal conditions.

## **X. Toxicological information**

Kit does not contain any agents with toxicological (health) effects

## **XI. Ecological information:**

Kit does not contain any agents with adverse biological effects

## **XII. Disposal consideration**

Dispose in accordance with Local, State and Federal Regulations.

## **XIII. Transport Information**

This product should be transported less than 5 days.

## **XIV. Regulatory Information**

Kit components do not have any hazardous effects/risks.

## **XV. Other information**

This product is designed and evaluated for the professional use by qualified laboratory staff. It has to be used only as *in vitro* diagnostic medical device.

## **XVI. Disclaimer**
